The Vicariate for Evangelisation

Our Vision

The Vicariate for Evangelisation exists to enable communities to be renewed and transformed by the life-giving breath of the Holy Spirit.

We will:

- Encourage and equip parishes to grow as places of prayer, proclamation and witness to the love of God.
- Enable parishes to become safe & supportive communities where people grow in faith and respond more deeply to the call to become disciples of Jesus Christ.
- Empower our communities to witness the Faith through words and acts of service.

This will happen principally through prayer and:

- The continuing development of Stewards of the Gospel who, together with the clergy, will be the principle link between the Diocese, Vicariate and Parish.
- The Diocesan Formation Teams who will resource and equip and inspire parishes so that the people can grow deeper in faith and gain confidence for mission.
- The establishment of Parish Evangelisation Teams, who will be catalysts for outreach and mission.
