## Family and Community

**BIG QUESTION: Who are my family?**

**God has given me a great big family!**

The people God has given us are very special because they love and care for us. Some of them live in our house and some of them live somewhere else, but they all love us very much.

**What does the word family mean? Who are in your family? Who cares for you?**

We are all brothers and sisters in God's family.  
God gave us lots of people to love. He gave us  
our close family, our extended family, our  
school family, our parish family, our  
neighbours, and our global family.

**We all smile in the same language!**
